

ITT

BURNY

VERSION 5.0 BURNY HARDWARE PLATFORM...

Powered by Intel Mobile Technology with a more "fuel efficient" Real-Time Subsystem

- Outstanding performance on the one, true multitasking controller
- 3x faster than the competitors
- Easy upgrades from older Burny 10 LCD products
- New lower cost, longer range wireless networking option
- Directory browsing for part loading increases productivity
- High capacity SATA 80GB hard drive for maximum storage capacity
- 1 Gigabyte RAM is not optional...it's standard
- 15" screen standard
- True Shape Nesting Technology integrated...INOVA by Kaliburn, Kaliburn Spirit, HPR Plasma, Hypertherm Command, Kjellberg...you pick and we make it work
